## GOLF GREENS | BOWLING GREENS

ALL BENT is a 100% browntop bentgrass blend designed for overseeding and species exchange in golf and bowling greens.

Charles is a new NZ-bred variety, named after Sir Bob Charles, the first left-handed golfer to win a major. Like Sir Bob, it breaks new ground, being ranked #1 by a clear half-point in Turfgrass Seed 2018 Table G1. Its scores for visual merit and shoot density promise to have a major impact as part of a species exchange programme, improving golf greens and out-competing the ubiquitous *Poa annua*.

BarKing is ranked #5, is an excellent European-bred cultivar with superior wear tolerance and winter colour. It also possesses very good tolerance to *Microdochium* Patch disease (*Fusarium*).

Barenbrug recently published results of an extensive four-year trial assessed independently by the STRI, which highlighted the benefits of using capillaris cultivar BarKing instead of other bentgrass species in the UK and Ireland.

## IN THE BAG

### 100% BROWNTOP BENTGRASS

50% **BARKING** - Browntop bent

30% **HERIOT** - Browntop bent

20% **CHARLES** - Browntop bent

## HOW TO USE IT

### Usages

Overseeding golf and bowling greens

### Key points

- Charles #1 by 0.5! BarKing #5 bent;
- BarKing winter colour and *Microdochium* (*Fusarium*) tolerance

**Oversowing rate** - 4-6g per m<sup>2</sup>

**Sowing rate** - 8-10g per m<sup>2</sup>

**Sowing depth** - Rootzone contact

**Mowing height** - down to 3mm
